

**Important – Please Read !**

*Forest Enterprise Scotland (FES) is currently an agency of the Forestry Commission, managing Scotland's National Forest Estate. The Forestry Commission is currently made up of several parts and in Scotland The Forestry and Land Management (Scotland) Act 2018 completes the devolution of forestry from Westminster to Holyrood. Under this Act, Scottish Ministers will set up two new executive agencies: Forestry and Land Scotland (FLS), responsible for the management of the National Forest Estate; and Scottish Forestry (SF), responsible for policy, regulation and grant-giving for tree planting.*

***FLS will operate primarily on a commercial basis, including the production and sale of timber, and its land management responsibilities will include renewable energy, agriculture, community projects, conservation, recreation and tourism.***

*This work is currently carried out by FES and will transfer to FLS when it is established on 1 April 2019. Timber Sale Contract(s) resulting from this tender will be entered into by FLS with the successful Purchaser(s); this organisational change will not affect the validity of this tender process or its resulting Contract(s)*

## Volume Shortfall against 2019 Marketing Plan

The following volume shortfalls have occurred against the 2019 Marketing Plan figures for this sale:

<b>District</b>	<b>Product</b>	<b>Published Volume</b>	<b>Sep Tender Volume</b>	<b>Reason</b>	<b>Shortfall back on Market</b>
Galloway FD	Standing	10 m3obs	NIL	Shortfall due to operational changes.	Volume to be made up in a later sale.
Cowal and Trossachs FD	Standing	46.5 m3obs	24.88 m3obs	Delayed due to roading issues.	Difference to be made up in September tender.
West Argyll	Standing	20 m3obs	15.67 m3obs		Difference to be made up in June and September tenders.
Lochaber	Standing	10.75 m3obs	4.72 m3obs		Difference to be made up in June and September tenders.

## **General Conditions of Sale**

1. All timber on offer in this sale is covered by Chain of Custody Certificate No **SGS-FM/CoC-010301 FSC 100%**. This certificate was issued on 12 November 2014 under the QUALIFOR Programme by SGS Forestry.
  
2. The sale of each Lot is subject to the Standard Contract, specimens of which may be obtained from the Chief Executive, Forest Enterprise Scotland, 1 Highlander Way, Inverness Business Park, Inverness IV2 7GB (Telephone: 03000676000). These agreements describe the normal terms of trading; application of these terms, which is at the sole discretion of the Forest Enterprise is subject to the establishment of satisfactory credit worthiness.
  
3. The description of the trees in the Sale Catalogue is believed to be accurate but is not guaranteed except as to the number of trees in tariffed Standing Timber Agreements offered for a lump sum. In all other respects the Purchaser is held as satisfying himself as to the description of the Sale Lots.
  
4. Arrangements to inspect the timber should be made direct with the Forest District staff listed. An address list is on the last page of this catalogue. Site boundaries will be clearly marked in a common manner. External boundary trees will be marked with white tape or marking, i.e. the trees to be left standing after harvesting operation. Purchasers will be deemed to have acquainted themselves with arrangements for access and constraints, if any, in respect of each Lot, details of which are also available from the Forest District.
  
5. Prospective purchasers are advised to consult a copy of the map of timber haulage (preferred) routes on public roads before bidding for the lots where these apply. Copies of all the maps together with a statement of preferred routes are held by the Forest District Managers and also all local authority Divisional road Surveyors within the Region.
  
6. The commencement and completion dates for all agreements are as indicated against each Lot in the catalogue.
  
7. No Lot carries entitlement to continuity of supplies of timber outside the terms and conditions of the Agreement.
  
8. All bids/offers shall be exclusive of Value Added Tax, which shall be added to the purchaser price of each Lot at the appropriate rate.

## **Particulars of Sale**

### **Standing Timber**

1. Lots are either offered for lump sum bids or bids per tonne as clearly described on the top of each page in this catalogue.
2. Lots offered for lump sum bids - All volume estimates have been derived from a full Tariff unless otherwise stated. Tariff sheets may be inspected by appointment at the relevant Forest District Office. Volumes quoted for such sales in this catalogue are estimates of the volume of the standing trees only. The prospective purchaser shall therefore be deemed to have formed his own estimate of volume and nothing herein or in the said record shall be taken as a representation including a contract or as a condition or warranty forming part of the contract if and where made.
3. Purchasers will be deemed to have satisfied themselves as to the occurrence of butt rot and stain and no subsequent allowance or reduction will be made.
4. Prospective purchasers are advised to obtain a copy of the Harvesting Site Plan from relevant Forest District Managers for each standing sale. These plans detail specific operational requirements for each sale parcel.
5. Purchasers will be deemed to be acquainted with the provisions of the Forestry Commission's Forests and Water Guidelines publication and to ensure that they are accorded with in their harvesting operations

### **Logs at Roadside**

6. Presentation of sawlogs for sale will be in accordance with the Forestry Commission's Field Book No.9 "Classification and Presentation of Softwood Sawlogs", a copy of which can be obtained on request from the Chief Executive, Forest Enterprise, Scotland, 1 Highlander Way, Inverness Business Park, Inverness IV2 7GB
7. Lots are either offered for a price per cubic metre underbark or for a price per tonne as clearly described on the top of each page in this catalogue.
8. Where lots are offered for a price per cubic metre underbark - the volume of the timber will be calculated from the weight of loads supplied, converted to volume using volume/weight fixed conversion factors where such agreements currently exist between Forestry Commission Scotland and

relevant parties. Successful purchasers that do not have an agreement for fixed conversion factors with Forestry Commission Scotland shall be given the opportunity to adopt the relevant fixed conversion factor(s) based on the national data set within the relevant supplying location. Failing such an agreement being reached, conversion factors shall be calculated from measurements of the volume of 1:10 sample loads. The volume of the sample loads will be obtained by the methods described in Field Book 9.

9. The average DBH of the standing trees from which the logs will be produced is an estimate only, provided for the guidance of prospective purchasers - it is not guaranteed.

## Species Codes and Abbreviations

SP	Scots Pine
LP	Lodgepole Pine
CP	Corsican Pine
MP	Mixed Pine
